27 July 1962

1. [REDACTED] telephoned to say that he had received a call from Mr. Jack Diamond, who wants to build an apartment house five minutes from the headquarters building. Terry sought advice as to whether he should encourage Mr. Diamond, offer an objection, or take any other specific course of action. I gave him a brief rundown on the history of our actions in this regard and sent him a copy of Mr. Dulles' letter to the Fairfax County Board stating our position.

2. Mr. Kirkpatrick advised me that he has briefed both the Director and General Carter on the status of [REDACTED] and that "the boss is relaxed."

3. Mr. Kirkpatrick telephoned to request that [REDACTED] brief the Executive Committee on the [REDACTED] arrangement on Monday, 30 July. (I have alerted [REDACTED])

4. Shef Edwards advised me that it had been decided that [REDACTED] should phase out. (John Tietjen will handle this as a command matter, and Shef will advise [REDACTED] on Monday so as to keep down the number of papers floating around on these controversial cases.)

5. Jim Garrison was in to discuss with me a policy question involving the purchase of a ship for [REDACTED] operation. As I understood the matter, Bill had declined to go ahead with the purchase unless Jim Garrison concurred. As I further understood it, Jim was in no position to concur without the normal survey, inspection, etc. We therefore agreed that he should decline to concur but that he would go ahead and purchase the ship if operational necessity dictated it to be purchased without the customary inspections.
